Marco,

WOW! Thank you Supporting Role for saving the day!!!!!! I am so glad we found you at BNI Forest. All our IT worries have now gone. We were having massive issues with the last company, and you have installed new confidence in our IT support.

On top of this you have managed the installation of the new broadband line into our office (which was not the easiest!).

All I can say is thank you from the bottom of my heart (truly) for taking over our IT support. Without question I will be recommending your services where ever I can.

Many, many thanks.

Sincerely,

**Steve Allen**
